There's an incredible change happening at Metro, one that has been years in the making. This change is being driven by our people, what I like to call the Metro family. The Metro family is emerging from the difficulties of the last three years with a renewed energy and focus on delivering a world-class transportation system for Los Angeles County. Whether they work in customer-facing roles, are planning and delivering new transit projects, or providing professional support necessary to do our work, the 11,000+ members of the Metro family are moving with a shared purpose: to put people first, and to make Metro the first choice for transportation for Angelenos.

In last year's budget, Metro made big, new investments in new programs to improve the customer experience, implemented a new public safety plan, restored our pre-pandemic service level on buses, made transit more accessible to millions of students and low-income Angelenos, and built our ranks to ensure we could deliver on our promises in the future. We also delivered important projects, including the K Line in South Los Angeles and Inglewood, and the Regional Connector in Downtown Los Angeles. We have momentum, and in FY24, we're going to gain more, but we're going to have to do it in a changed fiscal environment with new pressures on our agency to deliver.

Metro's \$9.0 billion FY24 Adopted Budget includes many new and innovative projects and programs that will build on our momentum and have meaningful impacts for LA County's 10 million residents. While we must continue to focus on prudent fiscal planning to ensure we can complete pipeline projects and maintain long-term financial stability, we will continue to reinvent and reimagine ourselves with forward-thinking approaches to regional mobility that put people first.

Demand for transit services has changed, especially on weekdays as LA County's traditional employment centers have become less busy due to remote work. To meet this changing demand, the FY24 Adopted Budget invests more in service frequency and reliability, cleaning and public safety. Understanding the impact of the societal crises of mental health, drug addiction and homelessness on our transit service, it also includes additional funding for programs and services to help unhoused people sheltering on and around our system, as well as programs for people in need of mental health resources on Metro. We've listened to our customers, and we're making the improvements necessary to deliver the transit service they want and deserve.

To get our customers where they need to go predictably and with confidence, we're investing \$2.4 billion in the Metro

Transit Operating and Maintenance Program in FY24, an increase of 6.1% or \$136.8 million over the FY23 Budget. This investment will enable us to deliver 8.9 million revenue service hours (RSHs) of transit services, which is a 9.6% higher level of service than we delivered before the pandemic, including a 27.5% higher level of service than we delivered before the pandemic on the rail system.

To deliver a cleaner system, we're investing \$201 million in cleaning efforts, an increase of 13% or \$23.6 million over the FY23 Budget. This investment will enable us to create 10 roving cleaning teams, hire 21 more full-time custodial staff and hire up to 50 temporary part-time custodial staff dedicated to our B and D subway lines. Metro is also increasing the frequency of cleaning, expanding "in-line" and mid-day bus interior cleaning, "end of line" cleaning on rail, station hot spots, and expanded activities at Metro's most traveled stations and terminals.

To deliver a safer system, we're implementing a comprehensive, multi-layered strategy through our Reimagined Public Safety Framework, which aligns operations to the needs of the public through deliberate effective public safety initiatives. In addition to our continued contract investment in law enforcement services and the pilot Metro Ambassadors, our Transit Security Officer ranks will also increase to address compliance with the code of conduct. We're also investing in enhanced security cameras, fare gates, lighting, and other safety infrastructure, to make our customers' experiences on Metro as safe as they can be.

To address the impact of the societal crises of mental health, drug addiction and homelessness on our transit service, we'll invest even more in social services to ameliorate the impact of these issues on our transit service. In FY24, we'll invest \$13.5 million in outreach to unhoused people, in partnership with People Assisting the Homeless (PATH) and the LA County Department of Health Services (DHS). We'll also dedicate \$10 million to a new partnership with the LA County Department of Mental Health Services (DMH), to provide training support to identify mental health concerns and proper responses, strategies to address critical crisis response needs, and Community Mental Health Ambassadors. And we'll invest another \$1.8 million for short-term shelters, workforce partnerships, and other strategies to help address these issues on our system.

To ensure that more people have access to Metro and to drive ridership recovery, the FY24 Adopted Budget also invests in free and reduced fares. Two fare discount programs, the GoPass Pilot program for K-12 and Community College students and the Low-Income Fare is Easy (LIFE) help reduce

a major household expense for working families, and ensure that everyone, regardless of their economic condition, can get to school, work, and health care appointments with ease. The FY24 Adopted Budget contains funds to support and expand those programs, as well as new programs to drive transit equity, like Mobility Wallet and Fare Capping.

Finally, to ensure that our customers have access to the best transit and transportation facilities, we'll continue our investment in the nation's largest capital program. In FY24, full-scale construction will begin on the G (Orange) Line Improvements Project. Game changing projects like the Airport Metro Connector and the Purple Line Extension will move closer to completion, and we'll continue to make rapid improvements to bus speeds and reliability through the installation of peak-hour bus lanes and transit signal prioritization.

All these investments focus on one thing: putting people first. Metro's budget must reflect that we are here to serve our customers. The FY24 Adopted Budget makes key investments in the areas our customers want us to address the most, and it sets us up for success in the years to come. We have our work cut out for us at Metro. This budget helps us meet this moment, to maintain the momentum from the past year and deliver a world class transit system for the people of LA County that will be their first choice for transportation.

A handwritten signature in black ink, appearing to read "Step Wiggins".

HISTORIC DOWNTOWN STREETCAR

Metro strives post pandemic to redefine daily travel habits and create legacy investments that improve the ease, accessibility and travel experience across the most important journeys for Metro’s current and future customers. The overall operating deficit, also referred to as the ‘fiscal cliff,’ and the challenges of major infrastructure capital projects are two distinct concerns impacting Metro.

Metro recognizes the additional financial risks stemming from Transportation Infrastructure Development (TID) as we continue to build out the ordinance approved major construction projects. Project risks arise from higher bid prices, cost increases due to a tighter labor market and rising demand for goods with supply chain constraints.

Growing operating transit costs are expected over the next three years, driven by the growing rail system and expanding service, as well as the implementation of zero-emission buses. At the same time, Metro continues to invest in new initiatives to make the system clean, safe and reliable.

With federal stimulus funding exhausted, Metro, like transit agencies across the nation, faces financial challenges and pressures, making it imperative that every dollar is budgeted and spent wisely.

Metro continues to identify mitigation strategies to help address current and future challenges through the Equitable Zero-Based Budgeting (EZBB) process. The EZBB process is the driving force that serves as the cost control tool that integrates an equity lens to develop a fiscally responsible budget.

Through EZBB, Metro manages challenges by program on an annual basis to:

- > **Strengthen Cost Control**
- > **Financial Review milestones**
- > **Prioritize projects based on aligned strategic imperatives and priorities**
- > **Interdepartmental collaboration to identify mitigation strategies**

In addition, current and future challenges will be addressed through Early Intervention Team and other task force efforts.

FY24 Adopted Budget of \$9.0 billion is balanced and focused on a service plan to include system expansion, integration, customer experience enhancement, safety and cleanliness, maintaining assets in a state of good repair, employee safety, retention and public engagement.

Improving our customers’ experience is an ongoing priority for Metro, as we reach for our goal to be first choice in transportation for residents and visitors to Los Angeles County.

Metro is constantly innovating new pilot programs and initiatives to make our system more reliable, accessible and convenient.

Metro’s annual Customer Experience (CX) Rider Survey results reiterated the need to address the same five issues captured in 2020 and 2022 CX Plans: Cleanliness, Public Safety, Comfort and Amenities, Customer Information and Time Competitiveness and Connectivity.

In the FY24 Adopted Budget, CX will continue to advance multi-year projects such as the Metro Ambassador Pilot, aging station renovations, continuing cleaning surge activities and begin work on new improvement opportunities.

To center the actions we are taking around measurable goals, each category reflects set priorities of the 2024 Customer Experience (CX) Plan:

> **Make It Clean**

- Hiring of additional cleaning staff
- Maintain cleaning surge activities
- Pilot physical station improvements, such as 7th Street/ Metro Center station renovation design and restroom pilot projects

> **Make It Safe**

- Monitor, adjust and enhance the Metro Ambassador Pilot program, and evaluate its efficacy in addressing rider concerns

- Hire more Transit Security Officers, and provide Narcan and training for Metro security staff and Ambassadors
- Installation of live look-in cameras, upgraded security surveillance monitors and new Blue Light Call boxes
- Creation of an Integrated Public Safety Dashboard to improve safety data analysis

> **Make It Comfortable**

- Vinyl seat replacements (all bus and in-service rail vehicles) are on target to be completed by June 2023.
- Installation of bus stop lighting, with technical support for local jurisdictions
- Increased homeless outreach partnerships and pilot outreach center (continued from FY23)

> **Make It Easy**

- Improve real-time information by installing bus stop e-paper signs and expanding *Customer Care Center* hours.
- Creation of new Customer Service Center at the Westlake/MacArthur Park Station.
- Continued expansion, outreach and support for *GoPass* and *LIFE* programs
- Materials distribution and outreach for a new fare capping policy
- Consolidation/improvement of Metro mobile applications

> **Make It Reliable**

- Acceleration of bus lane implementation and support for the camera-monitored bus lane enforcement program
- Further system reliability upgrades through capital investments planned ahead of the 2028 Olympic Games, as approved by the Board, and proposed by the Office of Strategic Innovation

The ambitious, complex project, which began in 2013, is unique among rail projects in the United States. The 1.9 miles of new track laid for the project allow light rail trains to travel between Union Station and the busy 7th Street/Metro Center Station in Downtown's Financial District. Before the Regional Connector, that's a journey only Metro's heavy rail lines could make. Bridging this gap allows Metro to merge the hook-shaped L (Gold) line with the A (Blue) and E (Expo) lines, creating two serpent-like train lines where there were once three.

The Regional Connector includes three new underground stations:

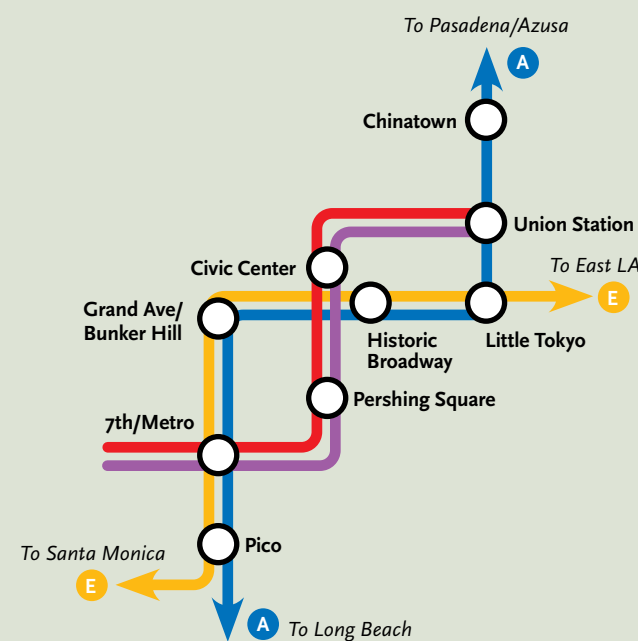

- > **Little Tokyo/Arts District Station** where riders will have easy access to historically rich and vibrant neighborhoods and cultural institutions
- > **Historic Broadway Station** features two nationally registered districts: Broadway Theater District, (12 original theaters within seven blocks) and old Spring Street (original Financial District of Downtown Los Angeles)
- > **Grand Avenue Arts/Bunker Hill Station** connects riders to downtown's performing arts institutions, museums, fine dining experiences and more

These new stations will transform the way many riders can experience the Metro system, provide riders a seamless, one-seat journey from as far as Azusa to Long Beach and from East Los Angeles to Santa Monica with no transfers required.

BEFORE

AFTER

With the introduction of the Cleaning Surge program as part of the FY23 CX Plan, Metro remains committed to maintaining cleanliness standards that Metro customers deserve. The FY24 Adopted Budget includes \$201.0 million for all cleaning efforts, 21 new custodial staff and up to 50 new part-time custodial staff through the Room-to-Work program.

BUS CLEANLINESS

Daily cleanings include:

- > Removal of trash
- > Vacuum/blow out debris
- > Cleaning interior "touchpoints"
- > Mopping floors
- > Removing graffiti
- > Washing vehicle exteriors
- > Daily Bus cleaning at 4 terminals, 7 days a week

RAIL CLEANLINESS

Daily cleanings include:

- > Exterior Carwash, Interior deep cleaning of all surfaces and floor scrub
- > Sanitation of interior touch points, floor sweep and mop
 - All trains thoroughly disinfected 2x/day
- > End-of-line (EOL) cleaning, cleaning surge 7-days/week
 - New service attendants for EOL and in-line cleaning

BUS TERMINALS & RAIL STATIONS

Daily cleanings include:

- > Terminals
 - Trash and graffiti removed
 - Interiors wiped and mopped
- > Rail Stations
 - Two daily general cleanup services
 - Pressure washing of exteriors/plazas 1x/week
 - Disinfection of touch points 2x/day
 - Perform sweeps 3x/week to clean up station corridor
 - Rail custodial staff at 13 designated Hot Spots – round the clock cleaning services

VINYL SEAT REPLACEMENT

Replacing fabric seats with vinyl seats stemmed from the public's comments. The vinyl inserts allow for easy maintenance of soiled or damaged seats and deter the spread of potential diseases.

- > All bus fleet and all in service rail vehicles are on target to be completed by June 2023.

The Station Evaluation program has also played an important role in keeping Metro locations clean. The program helps provide a snapshot of the current station conditions and where improvements should be made.

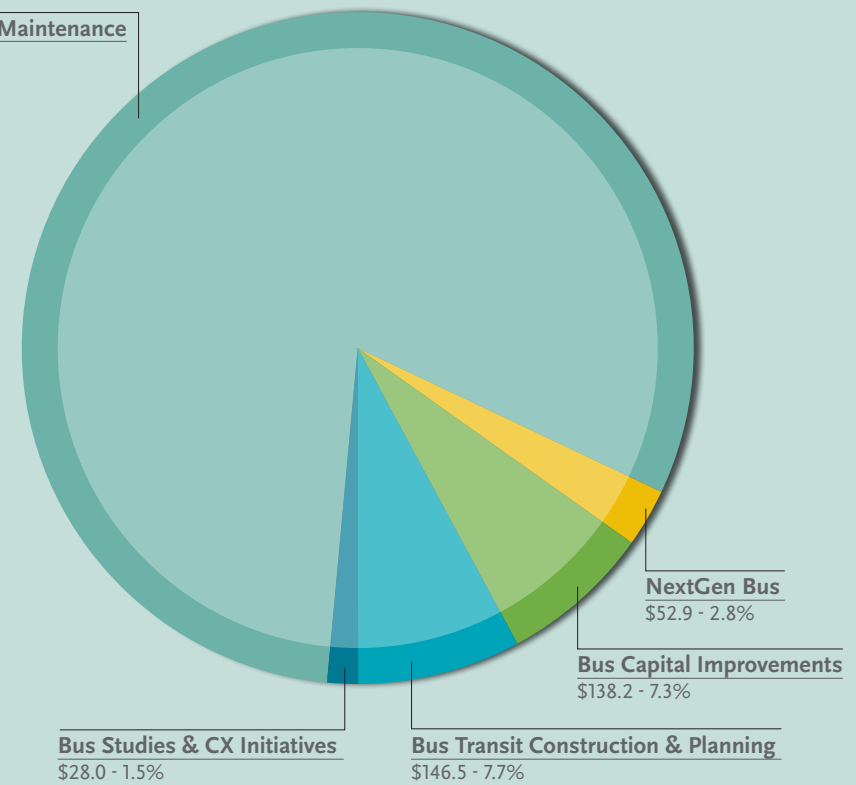

The evaluations consist of two subcategories (functionality and appearance) with 38 inspection points ranging from stairs, elevators, lighting, seating, etc. Rating thresholds on a scale of 1-4 for each category determine if a station earned a pass or no-pass score.

FY24 Adopted Budget for NextGen Speed & Reliability: \$52.9 (\$ in Millions)

Bus Operations & Maintenance \$1,531.0 - 80.7%

FY24 Adopted Budget for Bus Investments: \$1,896.7 (\$ in Millions)

Note: For more detail, see Appendix VII

The NextGen Bus plan is a reimagined system that focuses on providing fast, frequent, reliable and accessible service to meet the needs of today's riders.

The FY24 Adopted Budget invests \$52.9 million in NextGen, an increase of 89.3% over the FY23 Budget.

- > NextGen Bus Priority Lanes, Curb modifications, layover optimization, bus/rail speed and reliability improvements
- > North San Fernando Valley (NSFV) Bus Rapid Line (BRT) Network Improvements: Bus Priority Lanes, Curb modifications and enhancements, bus shelters
- > Accelerates transit improvements with laser focus, resolves core issues and builds trust with partner agencies
- > Force multiplier that improves customer experience and operator conditions, with operational savings reinvested into better service
- > Boarding speeds up to 2x faster than front door only, especially at busier bus stops

Metro is committed to investments in the bus system.

The FY24 Adopted Budget includes total bus investments of almost \$1.9 billion, a 10% increase over the FY23 Budget.

Bus investments across all Metro programs include:

- > Bus Operations & Maintenance
 - Bus Service, Cleaning, Public Safety and other Operating & Support costs
- > NextGen Bus plan
- > Bus Capital Improvements
- > Electric buses and charging infrastructure
- > Facilities improvements, Fleet maintenance
- > BRT and feasibility studies
- > Bus Transit Construction & Planning
- > Bus Studies and CX Initiatives

Current Model

- > Prescriptive & Fixed
- > Inconsistent Rule Compliance
- > Reactive Response
- > Obscure Data & Outcomes
- > Enforcement-Focused through a singular tactical response ("one size fits all")
- > Siloed

New Model

- > Data-Driven & Flexible
- > Equitable Rule Compliance
- > Proactive Response
- > Transparent Outcomes
- > Strategic Enforcement through analytics-led safety & security using a layered approach
- > Collaborative

Reimagining Public Safety Framework is Metro's competitive game plan for transformational change to public safety, which aligns the needs of the public through deliberate and equity-driven public safety initiatives.

The FY24 Adopted Budget includes \$315.3 million in public safety resource deployment, through a multi-layered strategy for enhancing public safety on our system.

This budget includes additional Transit Security Personnel that will create Permanent Bus Riding Teams, who are deployed to specific lines with higher frequencies of public safety issues, with the primary objective of deterring bus operator assaults and code of conduct violations.

Other safety programs and tools to enhance public safety are *Respect the Ride*, the *Transit Watch* app, the *Employee Assault Mitigation Task Force* and other efforts that are responsive to the security needs of riders and employees.

A comprehensive, multi-layered strategy is essential for enhancing public safety on our system. Law enforcement presence will be supplemented with various interventions to ensure that appropriate personnel are deployed to address specific issues.

- > Transit Ambassadors
- > Homeless Outreach and Mental Health Crisis
- > Additional Transit Security Officers
- > Dedicated bus-riding teams

With the growing need for homeless outreach and mental health resources, Metro is partnering with LA County to help provide resources on our system.

- > LA County Department of Health Services (DHS) multi-disciplinary teams, including PATH
- > LA County Department of Mental Health Services (DMS) to provide training support to identify mental health concerns and proper responses, strategies to address critical crisis response needs and Community Health Ambassadors

Westlake/MacArthur Park Station, served by Metro B and D Lines (Red/Purple) and nearby NextGen Tier 1 bus lines, has been impacted by societal challenges impacting public safety. This program will pilot interventions that deter non-transit loitering and restore safe and reliable transit. These interventions include a variety of upgrades to:

- > Faregates
- > Station lighting
- > CCTV cameras
- > Alarms
- > Bench seating
- > Signage
- > New station kiosk

These enhancements will improve customer experience and public safety.

Metro continues collaboration across the County for short-term shelters, workforce partnerships and will be tracking Metro's engagement and outreach through a homeless app.

FY24 BUDGET FOR TID: \$2,210.7 (\$ IN MILLIONS)

Transit Construction
\$1,919.0 - 86.8%

Transit Planning
\$291.7 - 13.2%

Transit Infrastructure Development (TID) program is part of Metro's diverse portfolio of more than 70 capital projects which consists of new transit projects, expansions and improvements for LA County per the voter approved Measure R and Measure M sales tax ordinances. The FY24 Adopted Budget includes \$2.2B allocated for TID. Major capital projects currently under construction in FY24 include:

- > LAX/Metro Transit Center
- > D Line (Purple) Extension
- > East San Fernando Valley LRT
- > BRT Connector B/G Line to L Line
- > G Line BRT Improvements
- > Gold Line Foothill Extension

Metro needs to be mindful of the project costs and potential funding gaps faced by each project over the next ten years and beyond to coordinate funding plans and project delivery. The Early Intervention Team (EIT) was established in FY23 to provide additional leadership support for Metro's capital program. The EIT's main objectives include:

- > Improving successful delivery of the capital program, focusing on cost and schedule containment strategies and shared inter-departmental objectives
- > Updating of project forecasts, with consideration of full life cycle costs, to allow the CEO and Board to assess the agency's ability to continue delivery of the planned capital projects

Metro continues its commitment to equity in decision-making around public investments and services.

The FY24 Adopted Budget was developed using an Equitable Zero-Based Budgeting (EZBB) process and the Metro Budget Equity Assessment Tool (MBEAT) to assess every single budget request.

MBEAT

- > 238 Capital Projects
- > 217 Budget Cost Centers
- > MBEAT goal is to identify and prioritize funding for projects that prevent or reduce harm and maximize the benefits for those that need it the most.

EQUITY PRINCIPLES HIGHLIGHTS

1. Focus & Deliver:

- Youth on the Move
- Low-Income Fare is Easy (LIFE Program)
- GoPass Pilot Program
- Metro's Workforce Initiative Now- Los Angeles (WIN-LA)
- Room-to-Work
- Multidisciplinary Outreach Teams (MDT)
- Fare Capping
- Metro Active Transport (MAT) program
- NextGen

2. Listen & Learn:

- Community Based Organizations (CBO) Partnership Strategy
- First/Last Mile Plan
- Vermont Transit Corridor
- Partnering with Faith-Based Organizations
- Translation Services
- Community-based arts and cultural organizations
- Closed captioning

3. Define & Measure:

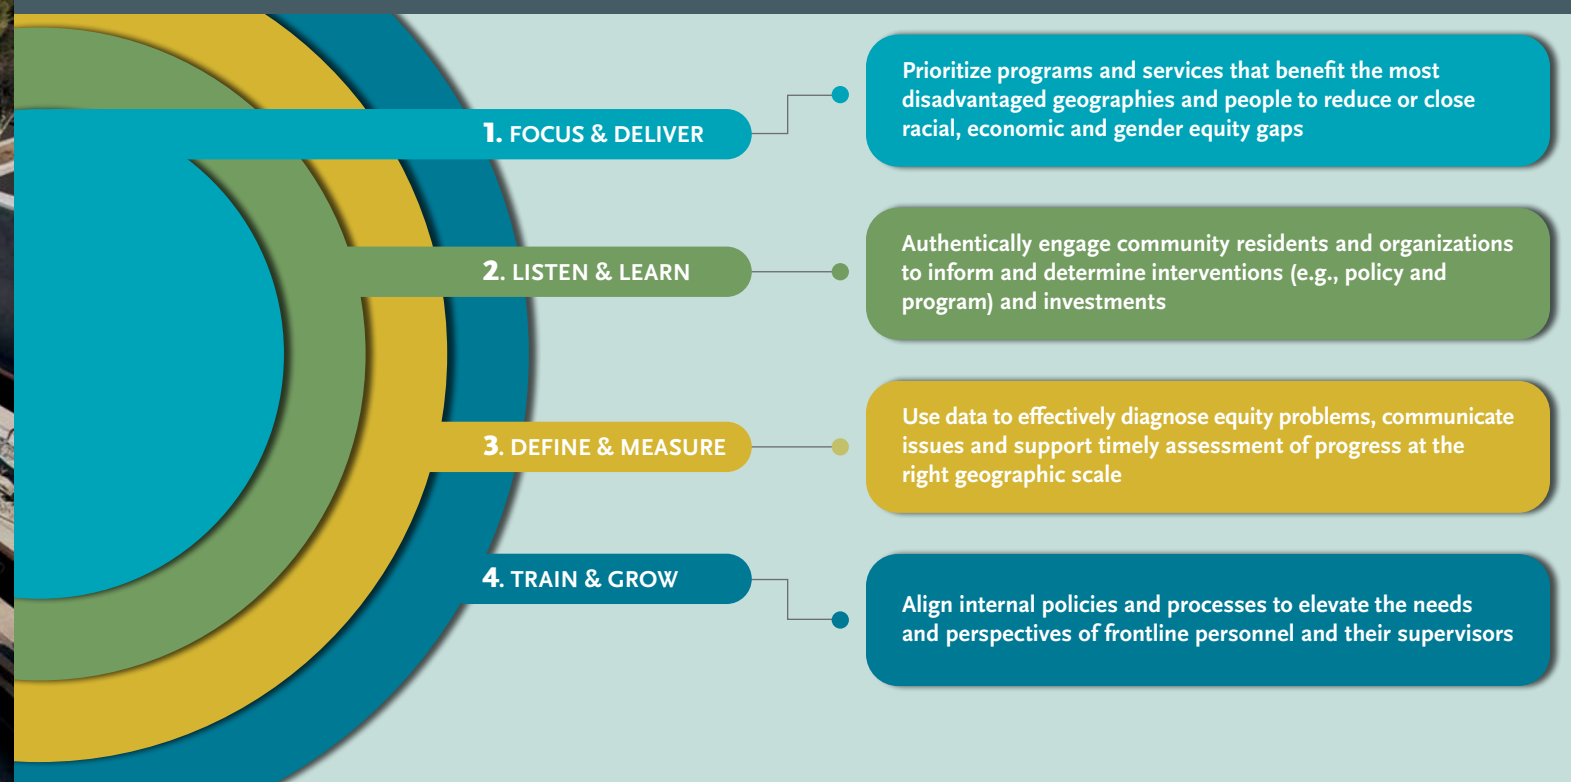

- Mobility Wallet Pilot
- Equity Focus Communities Map & Definition Update
- Equity Information Hub
- Access to Opportunity baseline maps

4. Train & Grow:

- Bienvenidos a Metro
- Equity Training
- Equity Liaison
- Diversity & Inclusion Programs
- Implicit bias training
- Professional Education for TSO and Security Control Specialists
- De-escalation training
- Customer service training
- Room-to-Work Program training

ACCESS TO GOODS & SERVICES, EDUCATION, JOBS & OTHER ECONOMIC OPPORTUNITIES

SUMMARY OF RESOURCES (\$ IN MILLIONS)

RESOURCE ASSUMPTIONS

- > Sales tax and Transportation Development Act (TDA) revenues are projected to be \$5,400.0 million, a \$756.9 million, or 16.3%, increase from the FY23 Budget, based on economic analyses and nationally recognized forecasting agencies.
- > State Transit Assistance (STA) and Senate Bill 1 (SB 1) revenues for bus and rail operations and capital in FY24 are expected to be \$214.6 million region-wide, representing a 4.9% decline from the FY23 Budget.
- > Fare revenues are expected to come in at \$146.8 million, a 35.8% increase from the FY23 Budget but a 23% increase from the estimated year-end actuals. Projections are based on estimated FY23 actuals, conclusion of the 50% promotional offer implementation of fare capping, suite of fare changes and a modest 3% increase in ridership
- > ExpressLanes toll revenues are expected at \$65.5 million in FY24, including usage and violation fees from the existing I-10 and I-110 operating segments.
- > Advertising revenues of \$27.7 million are expected in FY24, a slight decline from the FY23 Budget of \$32.6 million, reflecting restructured advertising contracts.
- > Other revenues are expected to come in at \$90.9 million in FY24, a 30.0% increase from the FY23 Budget, and include revenues from the bike program, park and ride, leases, vending, film, SAFE, auto registration fees, transit court fees, CNG fuel credits, Measure W, investment income and other miscellaneous revenues.
- > The last of the Federal covid relief funding, ARPA, was exhausted in FY23, creating a loss of \$1,239.5 billion. Metro's grant revenues are expected to increase by \$1,158.2 million over FY23, primarily from the Federal IJA program and Federal CMAQ funding for Metro's new rail segments.

EXPENDITURES ASSUMPTIONS

- > The total bus, rail and Metro Micro service includes 8.9 million Revenue Service Hours (RSHs) combined, a 2.3% increase over the FY23 Budget. The service plan includes 272.2 thousand RSHs for Metro Micro Service, a 9.6% increase from pre-pandemic levels
- > In FY23, actual ridership and significant operator shortage contributed to reduced bus and rail scheduled service levels. Metro implemented a bus operator hiring initiative to solve the operator shortage issue. This will assist us in achieving a fully staffed bus operator model to run full, pre-pandemic service levels.
- > Headways from a 10-minute peak and 12-minute off-peak service to an 8-minute peak and 10-minute off-peak service on all light rail lines. The plan will also increase daytime all-week service frequency to 10 minutes from the current 15 minutes on the subway, B Line (Red) and D Line (Purple), in line with the NextGen Bus Plan Tier 1 minimum headway frequency
- > The FY24 Adopted Budget includes 10,883 FTEs, an increase of 248 FTEs from FY23. The 240 new additions consist of 90 Non-Represented FTEs and 158 Represented FTEs. The increase of 90 Non-Represented FTEs will better serve our core focuses of Customer Experience (CX) Plan, Homeless/Mental Health Outreach, Reimagining Public Safety and NextGen.
- > The net increase of 158 Represented FTEs will support Cleaning programs on both bus and rail systems, pre-revenue service of K Line (Crenshaw/ LAX) Phase II and operating a full year of revenue service for Regional Connector and Reimagination of public safety framework.
- > The Consumer Price Index (CPI), a measure of cost inflation by the Bureau of Labor Statistics, is projected to increase 3.7% over FY24.

SUMMARY OF EXPENDITURES (\$ IN MILLIONS)

BUDGETED RESOURCES (\$ IN MILLIONS)	FY23 BUDGET	FY24 ADOPTED	% CHANGE
Sales Tax, TDA, & STA/SB1 Revenues	\$ 4,868.7	\$ 5,614.7	15.3%

Total Transportation Infrastructure Development	\$ 16,125.7	\$ 2,210.7	\$ 20,373.6

FY24 TID Budget:
2,210.3 (\$ in Millions)

Transit Construction
\$1,919.0 - 86.7%

Transit Planning
\$291.7 - 13.2%

Notes

(1) Forecasted expenditures through FY23 equal actual expenditure through FY22 plus FY23 Budget.

(2) Annually funded.

(3) No Board LOP during the planning phase except for Eastside Light Rail Access Phase 3. All other projects are annually funded.

(4) Eastside Extension, C Line (Green) Extension, West Santa Ana Branch Corridor, and the Sepulveda Pass Corridor are included in this category. Refer to Appendix III for a detailed list of Transit Planning projects.

(5) Light Rail Vehicle purchase of \$2.9M included here is reported under the Capital Improvement Program (CIP) on page 30, Summary of Expenditures by Program.

(6) Regional Connector started its service in June of 2023, providing single seat ride between A and L Lines. Future publications will list this under A Line.

Totals may not add due to rounding.

Notes

(1) Committed - previously allocated to Metro, Municipal Operators, and cities.

(2) Deficits in MR35, MR20, and MM35 can be mitigated by bond proceeds based on project activities and actual cash flow demand.

(3) Restricted by legislation and Board-approved projects and programs.

(4) Required by the Board-approved Financial Stability Policy.

(5) The budgetary fund balance represents the estimated net position at the end of FY24. The estimated FY24 fund balance does not cover all the existing and known encumbrance/commitments. Refer to Appendix V, page 57 and Appendix VI, page 63. The remaining \$3,808.2M in LOP funds are committed to Board-approved SGR, Asset Improvement, and Transit Improvement/Modernization projects.

Totals may not add due to rounding.

Please refer to footnotes on page 42.

Statement of Revenues, Expenditures & Changes in Fund Balances for the Years Ending June 30, 2023 & 2024

Notes

(1) Includes TDA, STA, SB1, and SAFE revenues in addition to Propositions A and C and Measures R and M sales tax revenues.

(2) Federal, State, and Local grants for Regional Rail, Transportation Infrastructure Development, Freeway Service Patrol, Pass-Through, and miscellaneous planning projects.

(3) The budgetary fund balance represents the estimated net position at the end of FY24. The estimated FY24 fund balance does not cover all the existing and known encumbrance/commitments. Refer to Appendix V, page 56 and Appendix VI, page 60. The remaining \$3,808.2M in LOP funds are committed to Board-approved SGR, Asset Improvement, and Transit Improvement/Modernization projects.

Totals may not add due to rounding.

PUBLIC TRANSPORTATION SERVICES CORPORATION

Public Transportation Services Corporation (PTSC) is a nonprofit public benefit corporation. PTSC was created in December 1996 in order to transfer certain functions performed by the LACMTA and the employees related to those functions to this new corporation. The PTSC conducts essential public transportation activities including: planning, programming funds for transportation projects within Los Angeles County, construction, providing certain business services to the County's Service Authority for Freeway Emergencies (SAFE) and the Southern California Regional Rail Authority (SCRRA) and providing security services to the operation of the Metro Bus and Rail systems. PTSC allows the employees of the corporation to participate in the California Public Employees Retirement System (PERS).

SERVICE AUTHORITY FOR FREEWAY EMERGENCIES (SAFE)

The Los Angeles County Service Authority for Freeway Emergencies (SAFE) was established in Los Angeles County in 1988. SAFE is a separate legal authority created under state law and is responsible for providing motorist aid services in Los Angeles County. SAFE currently operates, manages and/or funds:

- > The Los Angeles County Kenneth Hahn Call Box System
- > SOCAL 511 – Mobile Call Box program (motorist aid)
- > SOCAL 511 – Traveler Information System

SAFE receives funding from a dedicated \$1 surcharge assessed on each vehicle registered within Los Angeles County.

Notes (page 50)

(1) FY23 and 24 service levels do not include Metro Micro in Bus.

(2) FY24 fare revenues do not include \$2.8M from TAP

card sales or Metro Micro revenues in Bus.

(3) FY23 and 24 operating costs do not include Regional Operating Services costs

(TAP, Regional Activities, and Transit Court costs) and Metro Micro costs in Bus.

(4) COVID-19 project's budget was closed during FY23,

therefore has no expenses in FY24.

(5) Does not include purchased transportation miles/hours.

Notes (page 51)

(1) L Line (Gold) Service was allocated to A and E Line in FY24 due to the opening of the Regional Connector project.

Totals may not add due to rounding.

Notes

(1) The FY24 budget includes \$20M for Transit Ambassadors for both bus and rail as directed by Board motion 26.2.

(2) COVID-19 project's budget was closed during FY23, therefore has no expenses in FY24 budget.

(3) Metro Micro is not included in Bus Program, RSH is not included with Total Bus RSH.

Totals may not add due to rounding.

Notes

(1) Forecasted expenditures through FY24 is actual expenditure through FY23 plus FY24 Budget

(2) Projects are cumulatively funded on an annual basis until the Board adopts a Life of Project (LOP) budget.

(3) Project completed or in closeout phase.

(4) New project proposed for Board adoption.

(5) Annually funded.

Totals may not add due to rounding.

Notes

(1) Forecasted expenditures through FY23 is actual expenditure through FY22 plus FY23 Budget.

(2) Projects are cumulatively funded on an annual basis until the Board adopts a Life of Project (LOP) budget.

(3) Project completed or in closeout phase.

(4) New project proposed for Board adoption.

(5) Annually funded.

(6) Separate board authorization is required for new projects or LOP budget changes.

(7) No Board LOP during planning phase; project is funded on an annual basis.

(8) LOP authorized by the Board.

(9) Captured under the Capital Improvement Program (CIP) on page 30, Summary of Expenditures by Program.

(10) Regional Connector started its service in June of 2023, providing single seat ride between A and L Lines. Future publications will list this under A Line.

Totals may not add due to rounding.

Notes

(1) Local Return Subfunds do not show carryover balances. These funds are distributed in the same period received.

(2) Consumer price index (CPI) of 3.71% represents the average estimated growth rate based on various forecasting sources and historical trends applied to Prop A discretionary allocated to Included operators.

(3) Proposition A 95% of 40% Bus Transit growth over CPI estimate will be used to fund Eligible and Tier 2 operators. The carryover is not shown since it has been converted into Proposition C 40% discretionary to fund various Board-approved discretionary programs.

(4) STA Revenue estimate from the State Controller's office is reduced by 10% for the revenue-base share and population-base share due to anticipated shortfall of FY24 revenue.

(5) In order to be eligible for SB1- SGR funding, eligible agencies must comply with various reporting requirements. SGR revenue estimates from the State Controller's Office is reduced by 5% due to anticipated shortfall of FY24 revenue.

(6) STA and SGR portion of SB1 will be allocated based on Measure R allocation methodology.

(7) Measure M provides for a total of 17% net revenues for Local Return. Supplement of 1% to be funded by 1.5% Administration.

Totals may not add due to rounding.
